

## On-screen icons

Familiarize yourself with what the icons at the top of the Sibelius screen will do:

Reading from left to right:

New score, open score, scan music, save music

Burn CD, print score, undo, redo, zoom (and zoom percentage box)

Focus on staves, transposing score, view (score or parts), help (question mark icon)

Final icons to the right of help are all the floating windows in version 4.

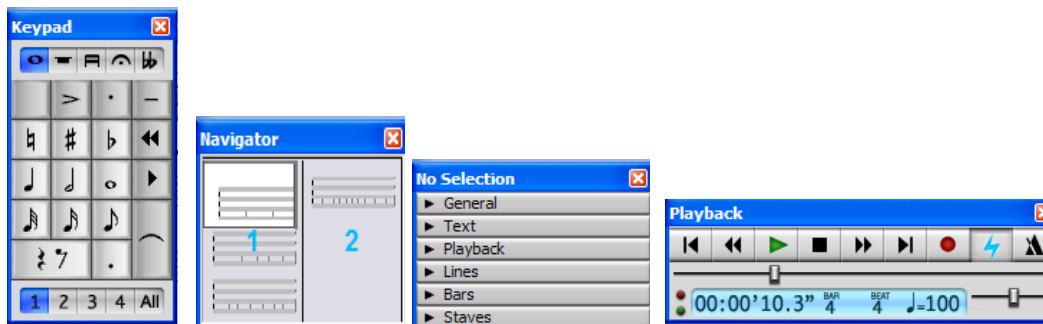

Pressing these buttons will turn off or on the floating windows.

## Some of the floating windows in Sibelius

See below: from left to right:

**Keypad, Navigator, Properties Box** and **Playback** window – open or close these using the following useful shortcuts:

Control + Alt + K, N, P or Y (*Command + Option + K, N, P or Y*)

Below are the **Mixer** and **Video** Screen - open and close these windows using the shortcuts Control + Alt + M or V (*Command + Option + M or V on Mac*):
